<sup>1</sup> Supervised Practice

<sup>2</sup> Required summer on-line course provides an overview of nutrition and health education curricula available for implementation in the school nutrition practicum. Division of Graduate and Continuing Education (DGCE) fee applies. The school nutrition supervised practice is completed during the same semester as Experience in Community Nutrition. Students who affiliate with a school nutrition program for Practicum in Foodservice Systems will be paired with a student who has an alternate foodservice placement to complete this experience.

<sup>3</sup> Fall and Spring semesters may be reversed.

<sup>4</sup>Students who elect to complete NUTR 903 while also completing the clinical experience will have a very full schedule and are strongly advised not to work.
